Access Control Systems

Goldshield more than just peace of mind.

Access Control Systems form an integral part of building accessibility – providing a quick, simple and controlled means of access for all and at the same time, deliver the authenticity of movement and monitoring data required by building management.

Goldshield specialises in the design, installation and maintenance of access control system solutions that are not only DDA* compliant, but which deliver the level of security, control and safety required in today's society.

The move away from traditional lock and key technology has been ongoing for a number of years and many of us are now used to inputting numeric codes or using keycards or keyfobs to gain access to our places of work.

Goldshield's access control systems provide the same type of technology and are cost effective and easy to operate.

Goldshield provides and supports a wide range of access control systems across a variety of industry sectors.

Access control systems available:

- Voice controlled access
- Video controlled access
- Card controlled access
- Fob controlled access
- Biometric controlled access
- Number plate recognition
- Turnstile controlled access
- Retina scan

*The Disability Discrimination Act (DDA) places responsibility on service providers to ensure there is disabled access to goods, facilities and services. www.direct.gov.co.uk

The benefits of access control systems:

- Easy to operate
- Greater degree of system control
- Effective monitoring of people and/or vehicles
- Authenticity of movement
- Increased resident/staff safety
- Improved access for disabled residents/staff and public alike
- Allows authorised residents/staff to move within predetermined zones

Whether you need to upgrade your existing access control systems or increase the level of security or accessibility of your premises, **Goldshield** delivers market leading, fully compliant and cost effective solutions.

For more information on security systems call us on **0191 268 5000** or **0131 443 9633**. Alternatively email enquiries@goldshieldltd.co.uk
